

Complete Organic Nutritional Beverage

PediaSmart® is the Smart Organic Choice™ offering excellent nutrition as a healthy beverage, quick breakfast and for a child in need of added calories. Available in organic chocolate and organic vanilla flavors, PediaSmart® is recommended for children ages 1 through 13 years. PediaSmart® is the ONLY organic beverage on the U.S. market offering complete organic nutrition. This beverage has been scientifically formulated to meet or exceed 100% of the Dietary Reference Intakes (DRI) for protein, fat, carbohydrate, vitamins & minerals and can be used as a sole source of nutrition under the supervision of a healthcare professional.*

PediaSmart® contains 29 vitamins & minerals and 7 grams of protein; it is rich in calcium promoting strong bones and teeth. Instead of artificial sweeteners, PediaSmart® uses a proprietary blend of organic simple and complex carbohydrates. Kids benefit by receiving a steady supply of ready energy without artificial stimulants. In addition, the essential fatty acids used in PediaSmart® are from pure organic vegetable oils free of hexane solvent during processing that may cause food sensitivities and should not be found in any organic product.

PediaSmart® is lactose-free and gluten-free. PediaSmart® is a milk based beverage, but the lactose or milk sugar has been removed using a special enzyme process. This is good news for children who may be lactose sensitive or lactose intolerant.† PediaSmart® is a good source of nutrition for children who suffer from chronic illness, growth failure, injuries or during recovery from surgery †† – or just picky eaters.

Nature's One® commitment to organic goes beyond government regulations assuring only natural and organic flavors with no artificial colors or sweeteners, genetically modified ingredients, pesticides, added growth hormones or hexane processed oils.

* Not intended for infants less than 12-months of age.

† Do not use for children with genetic disorder galactosemia.

†† May be used in a feeding tube under the supervision of a healthcare professional.
