

Probiotic

Live & Active Probiotic Supplement

Benefits of Choosing Baby's Only Essentials® Probiotic*

Uniquely blended using three types of friendly Bifidobacterium found in infants: B.longum, B.breve and B.infantis.*

Helps maintain nutrient absorption and normal immune function.*

Studies indicate Probiotics are highly effective for children with intestinal irregularity.*

Probiotics decrease the risk of diarrheal disease, particularly Rotavirus diarrhea.*

Live and active cultures help maintain "friendly flora"*

Improves calcium absorption during critical bone forming years according to published studies.*

Individual packets help preserve product life. One packet contains a child's daily serving.

For Routine Use

For Children 1 Year of Age or Older: One single packet, once daily unless otherwise directed by a healthcare professional. Mix into formula, non-dairy beverages, juice, milk or water. Sprinkle on cereals and foods.
